BLUSTREAM DELIVERS ADVANCED AV SOLUTIONS IN THE PRODUCT CATEGORIES IMPORTANT TO YOUR BUSINESS.

BLUSTREAM

Dante®

We're proud to celebrate the strength and depth of our Dante® enabled product range, a complete ecosystem of networked audio solutions designed to give integrators total flexibility and control. From compact wall plate interfaces and USB bridges to advanced multi-channel converters, amplifiers, and AV-over-IP integration, our Dante portfolio has been engineered to support projects of every scale.

The Dante® Difference

- Uncompressed, high-quality audio over IP
- Ultra-low latency
- Scalable from single room to campus-wide
- Reduced cabling & installation time
- Interoperable with thousands of Dante-enabled devices

Audio Format Conversion

Audio Format

Blustream delivers a complete range of audio embedders, de-embedders, and converters, enabling seamless integration across all major audio formats and AV systems. Designed for flexibility and reliability, these solutions ensure effortless signal management in the most demanding large-scale professional installations.

Analogue

DA11AEN-V2
Analogue Audio to Dante® **Encoder**
Audio Embedding · PoE · AES67 · DEP

DA44AU
4x4 Dante® Audio **Converter**
Audio Embedding · Audio Breakout · AES67

DA11ADE-V2
Dante® to Analogue Audio **Decoder**
Audio Breakout · DEP · 48V Phantom Power · PoE · AES67

XLR

DA11XLR
Dual XLR to Dante® **Encoder**
Audio Embedding · PoE · 48V Phantom Power · DEP · AES67

DA22XLR-WP-V2
XLR Dante® Audio Wall Plate Audio **Converter**
Audio Embedding · Audio Breakout · AES67 · 48V Phantom Power · DEP

ARC

DA11ARC
2ch HDMI ARC to Dante® **Encoder**
Audio Embedding · DEP · AES67 · PoE

SW42DA-V2
4-Way HDMI Switcher with Multi-Channel **Dante® Audio Breakout**
4K 60Hz 4:4:4 · Downmixing · DEP · AES67

Digital

DA22DIG
2x2 Digital & Analogue Dante® **Converter**
Audio Embedding · Audio Breakout · PoE · 48V Phantom Power · AES67

DA22OPT
Dante® Optical S/PDIF **Encoder / Decoder**
Audio Embedding · Audio Breakout · PoE · DEP · AES67

USB

DA11USB-V3
Dante® USB Audio **Encoder / Decoder**
Audio Embedding · Audio Breakout · AES67 · DEP · PoE

DA1414
14x14 Dante® **Audio Matrix**
Audio Embedding · Audio Breakout · DEP · PoE+ · AES67

Bluetooth

DA11ABL-WP-V2
Bluetooth® & Analogue Audio Dante® Wall Plate **Converter**
Audio Embedding · Audio Breakout · DEP · PoE · AES67

AES67

AES67 support enables seamless interoperability between audio-over-IP systems, delivering high-quality, low latency, networked audio across multiple platforms and manufacturers.

Dante Hardware Integration

Blustream Solution

Dante hardware integration enables seamless distribution, routing, and processing of networked audio across complex AV systems. By embedding Dante into matrices, amplifiers, AV over IP, and switching solutions, it allows integrators to design fully unified and scalable audio infrastructures over standard networks.

Audio Matrix

DA1414
14x14 Dante® Audio Matrix
Audio Embedding · Audio Breakout · DEP · PoE+ · AES67 · DSP

- 14×14 matrix with 8× Dante inputs/ outputs plus analogue & USB audio
- Flexible routing with integrated DSP for full signal control
- PoE+ powered for seamless integration into scalable AV network

AV Over IP

IP250UHD / IP350UHD
4K 60Hz 4:4:4 UHD Video over 1Gb Network featuring Dante®
4K Video · Audio Embedding · PoE · Audio Breakout · AES67

- Distributes 4K 60Hz 4:4:4 video and Dante audio over 1Gb networks
- Unified AV and audio platform with low latency performance
- Scalable, flexible solution for high-performance AV distributio n

Audio Amplifier

NPA100DA / NPA70DA / NPA20DA
Dante® Networked Audio Amplifiers
Amplifier · Web-GUI · PoE · AES67

- Dante/AES67-enabled amplifiers for multi-zone audio systems
- PoE-powered design simplifies installation and scalability
- Advanced DSP with EQ and delay for precise audio tuning

HDMI Switching
Supporting Dolby Audio® Downmixing

SW42DA-V2
4-Way HDMI Switcher with Multi-Channel Dante® Audio Breakout
4K 60Hz 4:4:4 · Downmixing · DEP · AES67

- 4K HDMI switching with integrated Dante audio distribution
- Downmixes Dolby Audio® & DTS Audio to 2-channel for wider system use
- Ideal for flexible multi-zone AV applications

HDBaseT™ Matrix

CUSTOM-PRO
Custom Pro Matrix supporting signals up to 4K 60Hz 4:4:4
4K 60Hz 4:4:4 · Audio Breakout · Audio Embedding · AES67

- 8×8 or 16×16 matrix for 4K video and multi-format audio distribution
- Flexible audio breakout with optional Dante module
- Combines HDBaseT video with networked Dante audio routing

Wallplates

DA11ABL-WP-V2 & DA22XLR-WP-V2
Dante® Wallplates
Audio Embedding · PoE · Audio Breakout · DEP · AES67

- In-wall XLR and Bluetooth audio connectivity for AV systems
- Converts local analogue/Bluetooth audio to and from Dante
- Clean, discreet integration into networked audio environments

® Dolby Audio is a registered trademark of Dolby Laboratories Licensing Corporation.

WE PROVIDE ADVANCED NETWORKED AUDIO SOLUTIONS ACROSS MULTIPLE MARKET SECTORS

Residential Commercial · Retail Education · Medical Hospitality · Houses of worship Transportation · Government Military
